

# PR-TP1-50x6-XX-XX

PVC Tape 50mmx6m, different colors

**PROSE**

- Soft material, good shape
- flame retardant, from the fire extinguish
- High mechanical strength, strong viscosity
- Excellent service and electrical insulation

Photo for reference

## Part number

|                                                                                                  |                  |
|--------------------------------------------------------------------------------------------------|------------------|
| PR-TP1-50x6-XX-XX                                                                                | PVC Tape 50mmx6m |
| 1 2                                                                                              |                  |
| *1 color indicates, BK=Black, YG=Yellow/Green, RD=Red, BU=Blue, GN=Green, GY=Gray, WH=White, etc |                  |
| *2 special package quantity, default 1pc                                                         |                  |

## Performance

|                       |                             |
|-----------------------|-----------------------------|
| Nom. Width            | 50mm                        |
| Nom. Length           | 6m                          |
| Nom. Thickness        | 0.13mm                      |
| Rating voltage        | 600V                        |
| Elongation            | 160%                        |
| Adhesion              | 0.152kN/m                   |
| Tensile strength      | 1.68kN/m                    |
| Dielectric resistance | 39.6kV/mm                   |
| Isolation resistance  | $1.0 \times 10^{12} \Omega$ |

## Environment

|                     |              |
|---------------------|--------------|
| Working temperature | 0°C to +80°C |
| Flammability        | ASTM D-1000  |
| RoHS                | Compliant    |
