

Description

PROSE metal horizontal cable manager is designed for efficient cable organization in high-density network environments. Constructed from durable steel, it provides strong mechanical support and long-term reliability. Its optimized structure ensures neat routing, improved airflow, and easy maintenance within standard 19-inch racks. Ideal for data centers, telecom rooms, and enterprise networks.

Key Features

- High-strength steel construction ensures durability and long service life.
- Optimized design supports high-density cable routing and organization.
- Smooth rounded edges prevent cable damage and installation injuries.
- Standard 19-inch mounting fits cabinets and racks easily
- Multiple slots allow flexible cable entry exit and management

Product Appearance

Standard (Cold rolled steel)

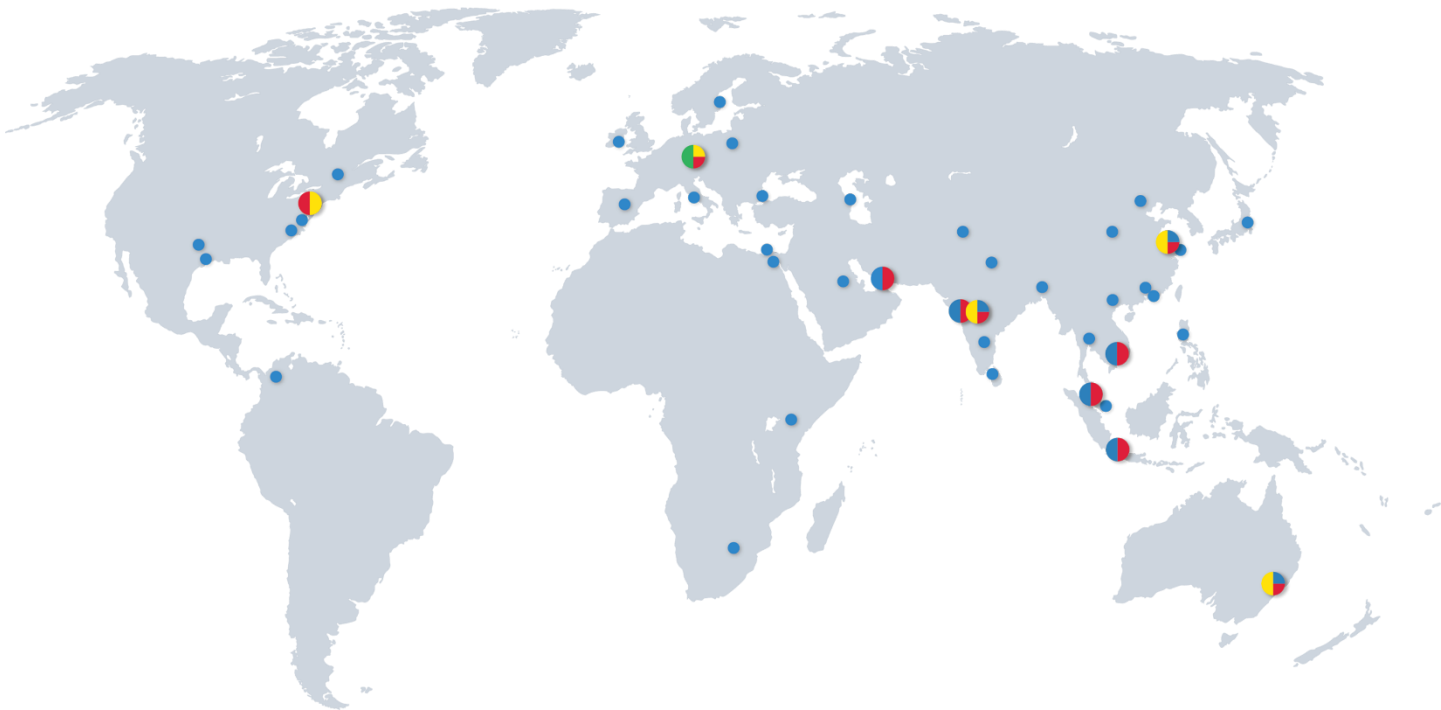

Technical Parameters

|                       |                          |
|-----------------------|--------------------------|
| Size                  | 482.6mm*68mm*44mm(1U)    |
| Material              | Cold rolled steel        |
| Color                 | Black (RAL9005)          |
| Accessories           | 4pcs M6*12 screws & nuts |
| Operating temperature | -10℃ to +60℃             |
| Relative humidity     | 10%-90%                  |
| Net weight            | 0.90kg (1U)              |

Ordering Information

| Order Number | Description                                    |
|--------------|------------------------------------------------|
| CM10-111-1U  | Cable Management, Horizontal, 1U, Metal, Black |
| CM10-111-2U  | Cable Management, Horizontal, 2U, Metal, Black |
